

# Team 1 Homenote

AnchorPoint Christian School

12/4/2017

*Dear Parents,*

This week we will begin working to memorize our new Bible verse. It is the Christmas verses. Team 1 will work on Luke 2:7-12. We will make time to work on it in class but, it will be necessary for you to read through it nightly too. The goal is to learn it by December 19.

The weather this week will be changing drastically. Please make sure that your child comes dressed for the weather. We go outside for all recesses in the snow too.

Team 1 and our preschool buddies have a jar in the hallway for loose change. We are raising money for the Helen De Vos Children's hospital. Each team is trying to earn money for our whole school challenge to reach \$456.78.

*A look at our week*

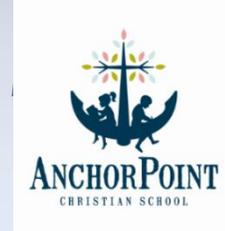

In **Bible** we will begin learning how Moses leads the Israelites out of Egypt. Then we will begin a unit on the Christmas story. **Math**-Both the Youngers and Olders will start a new math unit this week. Take a look at the Family letter that explains the topics to be covered. The Youngers will take a look at measurement. We will look at nonstandard and standard measurement. The Olders will begin working with story problems using parts and totals. They will also work to find the difference in temperature changes. This week during **literacy** we will practice using the "ai" and "ay" chunks. Think of the words; **snail** and **day**, the chunks sound the same. We will notice that only one of these chunks is used at the end of a word. This will help when trying to spell words with these sounds. In **Science** we review all our senses with activities to test our senses.

Please feel free to contact me with any questions that may arise.
