

Team 1 Homenote

AnchorPoint Christian School

1/22/2018

Dear Parents,

This week we will begin something new. Each week I will pick a "Student of the Week". During the week they will fill out a poster about themselves. On Friday of that week the student may bring in something for show and tell. We will use a guessing game to try and figure out what it is. Parents may stop in for lunch if it works in your schedule. This is fun way to get to know each other.

Thank you for helping your child with their homework each week. The Olders have 2 math assignments each week and I have been seeing them all handed in on time.

A look at our week

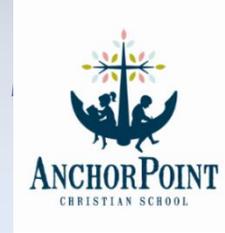

In **Bible** the Israelites years of wandering is coming to an end. We will review Moses' life and learn about the new leader. There is no new Bible memory scheduled. **Math**-The Youngers have started a unit on place value. We will be practicing making numbers with base 10 blocks. The Olders are working on making 3-D shapes. They will be noticing line symmetry. Our **literacy** we are working on the "bl, sl, pl" blends at the beginning of words. We will begin by sorting pictures that begin with these blends. You can help as your read and notice these blends in words. We are learning about meeting our families' needs in **Social Studies**. This week we will discuss "scarcity" and choice. In our discussions we will look to see what God wants us to do in this situation.

Please feel free to contact me with any questions that may arise.
