

Team 1 Homenote

AnchorPoint Christian School

3/6/2017

Dear Parents,

Parent-Teacher conferences are this week Thursday and Friday. You can sign up for them on line. Please contact me if you need to schedule a different time than is available.

During the month of March we have a few days where your child may bring something to read with. Please take a look at the "upcoming dates" section to see the underlined dates with their items. Reading is fun and this will make it special.

In chapel this week our Team will recite their last bible verse. We will also present the pictures we created for the miracles of Jesus. You are welcome to come to chapel any Tuesday at 9:15- 9:40.

Team 1 Information

A look at our week

In **Bible** we are finishing the miracles of Jesus. This week we will put together a picture booklet of the miracles we studied. Next we begin learning about the parables of Christ. This week in **Math** the Youngers are learning the names of shapes. We will find out about 1 and 2 dimensional shapes. The Olders will focus on data. They will practice graphing, finding the median, and reading data. In **literacy work** we will begin focusing on informational text as we start a new unit in science. Our reading will include nonfiction books about animals. The kids will learn about the text features found in informational text such as; bold words, diagrams, maps, and picture labels.

In **Science** we will begin a unit on animals. God created so many different kinds. We will learn how to group the animals. We will notice how baby animals can look the same or very different from the parent.

Please feel free to contact me with any questions that may arise.

School: 608-4006
