

KINDERGARTEN CONNECTION

September 15, 2017

Sadly, many of you were not able to attend the Back 2 School Bonanza last night so I am attaching a screen shots of my PP presentation so that you know what was discussed. BE SURE TO READ IT!!

BIBLE:

Verse: " In the beginning, God created the heavens and the earth... God was all that He had made, and it was very good."

We finished our story of creation and moved on to Sin Enters the World. A sad story, but we get the promise of a Redeemer right away in Gen. 3!

MATH:

We are still focusing on our numbers 0 - 10. We are counting forward AND backward from 10, too.

LANGUAGE ARTS/SOCIAL STUDIES:

We are focusing on the letters and sounds using ZooPhonics, but also trying to hear beginning sounds. This is a difficult skill for some, so lots of practice will be required 😊!

We focused on Me (or , them, or however I should say that!) We talked about the ways God made each of us the same, but also different. We also used our 5 senses. I often refer to the senses as our Toolbox to learn about God's creation.

SCRAPBOOK:

Tt Pictures

Next week Friday, we will be going on an all-school class trip to the museum for an Edible Art exhibit. Permission slips are going home with those who didn't get one to me last night. Please return ASAP.

BE SURE TO READ THE ATTACHED PAPER,

Thanks,

Kim
